Preface	iii
---------------	-----

EAR

1. Embryology, Anatomy and Diseases of Pinna and BAHA.....	3
2. Embryology and Anatomy of External Auditory Canal.....	6
3. Conditions of External Auditory Canal	7
4. Tympanic Membrane.....	10
5. Embryology and Anatomy of Middle Ear.....	12
6. Embryology and Anatomy of Mastoid.....	21
7. Acute Suppurative Otitis Media and Bullous Myringitis.....	23
8. Chronic Mucosal Otitis Media (COM)	24
9. Tubercular Otitis Media	28
10. Chronic Squamous Otitis Media	29
11. Complications of Otitis Media	33
12. Nerve Supply of Ear and Referred Otalgia	36
13. Stepwise Approach When Patient Presents with Only Hearing Loss with Intact TM— No Pain/Discharge	37
14. Tuning Fork Test (TFT).....	39
15. Pure-Tone Audiometry (PTA).....	41
16. Impedance Audiometry (IA).....	46
17. Otoacoustic Emissions (OAEs) or “Kemp” Echoes.....	48
18. Brainstem Evoked Response Audiometry/Auditory Brainstem Response (BERA/ABR)	49
19. Otitis Media with Effusion (OME)/Serous Otitis Media (SOM)/Glue Ear	50
20. Otosclerosis	52
21. Glomus Tympanicum/Jugulare.....	54
22. Pediatric Hearing Assessment.....	56
23. Cochlear Implant	60
24. Acoustic Neuroma/Vestibular Schwannoma	62
25. Physiology of Vestibular System.....	68
26. Vestibular Function Tests	69
27. BPPV and Vestibular Neuritis	71
28. Meniere’s Disease	73
29. D/D of Vertigo and SNHL/Mixed Hearing Loss.....	75
30. Superior Semicircular Canal Dehiscence (SSCD)	76
31. Noise-Induced HL (NIHL), Ototoxicity, Presbycusis	77
32. Sudden SNHL (Otologic Emergency).....	79
33. Facial Nerve.....	80

NOSE

34. Anatomy of External Nose and Anatomy of Septum	85
35. Fractures of Nasal Bone	90
36. Nerve Supply of Nose and its Anesthesia	91

37. Anesthesia of Nose	92
38. CSF Rhinorrhea.....	94
39. Important Facial Fractures.....	95
40. T-Cell Lymphoma.....	99
41. Allergic Rhinitis and Vasomotor Rhinitis.....	100
42. Rhinitis Medicamentosa.....	101
43. Anatomy of Lateral Wall of Nose	102
44. Anatomy of Paranasal Sinuses.....	104
45. Acute Rhinosinusitis.....	107
46. Chronic Rhinosinusitis.....	110
47. Complications of Sinusitis	114
48. Chronic Rhinosinusitis with Nasal Polyps (CRSWNP).....	117
49. Rhinosporidiosis, Inverted Papilloma and Paranasal Sinus Carcinoma.....	121
50. Angiofibroma	123
51. Some Other Important Tumors/Benign Conditions of Nose and Paranasal Sinus.....	125
52. Arterial Supply of Nose and Epistaxis	126

PHARYNX

53. Anatomy of Nasopharynx.....	131
54. Adenoid Hypertrophy	133
55. Nasopharyngeal Carcinoma.....	135
56. Anatomy of Oropharynx.....	136
57. Approach and D/D of Infections of Pharynx	137
58. Tonsils.....	141
59. Tonsillectomy.....	142
60. Peritonsillar Abscess/Quinsy	145
61. Ludwig's Angina.....	146
62. Parapharyngeal Space/Lateral Pharyngeal/Pharyngomaxillary Space Anatomy and Abscess.....	147
63. Retropharyngeal Space/Space of Gillette.....	150
64. Zenker's Diverticulum	152
65. Pharyngeal Wall.....	153
66. Motor Nerve Supply of Pharynx	154
67. Anatomy of Oropharynx.....	155
68. Nerve Supply of Tongue.....	156
69. Oral and Oropharyngeal Cancers.....	157
70. Oral Cavity Carcinoma.....	159

LARYNX

71. Anatomy of Larynx	163
72. Muscles of Larynx.....	167
73. Methods of Examining the Larynx.....	170
74. Conditions of Larynx Presenting with Hoarseness.....	171
75. Carcinoma Larynx—TNM Staging and Management	174
76. Neck Dissection in Carcinoma Larynx	176
77. Rehabilitation Following Laryngectomy.....	177
78. Functional Disorders of Voice	178
79. Nerve Supply of Larynx and Vocal Cord Palsy	179
80. Stridor in Children—Congenital Causes.....	181

81. Foreign Body Larynx	183
82. Tracheostomy	186
83. Acute Infections of Larynx	188
84. TB Larynx	190
Newer Techniques in Laryngeal Endoscopy	190
